PROFILE

I am a creative and passionate advocate specialising in Digital Media. I have a depth and breadth of knowledge which allows me to combine elements of digital media to produce some truly astonishing results. This includes web design, animation, graphics and motion design.

I am an excellent team player and combined with my ability to take on responsibilities I believe I would make a great contribution to a forward looking organisation. In particular I am currently looking for opportunities in the digital space where my creativity and passion can flourish.

Refer to my **portfolio site** and **LinkedIn** for examples of work.

KEY SKILLS AND MAJOR ACHIEVEMENTS

- BA (Hons.) 2:1 in Digital Media Design & BTEC Level III Diploma in Multimedia
- Game Design, Animation, Blender 3D and other techniques for a leading designer of games Using Unity 3D
- Branding and Logo & Web Design
- Adaptability and flexibility, an excellent grasp of techniques combined with a strong commercial awareness
- Positive, creative, proactive and logical thinker with strong problem solving skills
- Able to work along guidelines, managing multiple projects and to work under pressure
- Confident communicator, a great team worker
- Able to interpret a brief and respond positively to feedback
- Curious, and eager to learn new techniques
- Strong understanding of semiotics
- Aware of contemporary animation, UX and game design principles
- My hard work and commitment was demonstrated in delivering a huge percentage increase of the profit margin in a retail store selling hardware and software

WORK EXPERIENCE

Ongoing	TimeOut Cafe & Restaurant	Brighton
	This is an ongoing role involving complete re-branding, display, logo, menu and web design.	
Ongoing	Jolty T-shirts	Hove
	This is another branding and design task. T-Shirts I design are on sale and regarded as a great success.	
2012	LittleLoud (Work Placement)	Brighton
	In the short time I was in this BAFTA awarded studio I was involved in the design process of a complex game from an initial brief. This included Game design, initial look and feel, texturing and 3D layout. The game is to promote anti-bullying and was commissioned by Channel 4.	
2011	Aquapax	Lewes
	Aquapax is a mineral water manufacturer and retailer. As part of a University project I worked on a specific smartphone animation. I designed it using 3D to advertise and market the product.	
2010	Oxygen Bar	Brighton
	This was a part time assignment. Complete refurbishment of the interior of the premises to match the redesigned menus, posters and advertisements.	
2005-2007	WebFocus studio	Budapest
	General web design (HTML & CSS), Flash banners and content management duties.	
2001-2006	Vision Computer	Budapest
	I was responsible for management, sales of the retail store which sold hardware and software and provided technical support. The stores I was responsible for became the most profitable of the franchise.
